For your information and safety

- The Library is accessed via a stone spiral staircase. Unfortunately this may make the Library inaccessible for people who either have mobility needs or who are elderly.
- The library can only take 10 visitors at a time. Therefore larger parties will need to be split into smaller groups
- Within the Minster itself there are some steps [all with handrails].
- We ask that all individuals make themselves responsible for ensuring the safety of themselves and others. We ask that all visitors take proper steps to prevent injury, loss, damage or harm to themselves and others.
